OBJECTIVE

Detail-oriented and passionate Python Full Stack Developer with 6 months of experience building scalable web applications using Django and PostgreSQL. Seeking to leverage my skills to contribute to innovative projects and deliver impactful solutions.

EDUCATION

Bachelor of Science in Computer Science, 2022 – 2025

Calicut University, Kerala

SKILLS

Frontend	HTML, CSS, JavaScript, React, Tailwind CSS
Backend	Python, Django, PostgreSQL, REST API
Tools	Postman, Vercel
Version Control	Git, GitHub

EXPERIENCE

Full Stack Developer Intern

March 2025 – Present

Tegrand Infotech

Kerala, India

- Developed and maintained web applications using Django, React, and PostgreSQL for real-world client projects.
- Built and integrated REST APIs to enable smooth communication between frontend and backend systems.
- Collaborated with the design team to implement responsive UI using Tailwind CSS.
- Used Git and GitHub for version control and deployed applications via Vercel.

PROJECTS

Food Ordering Web Application - Customized Admin Interfaces for Manager and Store Roles in a Django Food Ordering and Delivery Web App. Implemented custom admin dashboards using HTML, Tailwind CSS, and Django templates. Role-based access: managers can add/edit/delete stores, verify user roles, and oversee the system; store owners can manage products, monitor incoming orders, and update delivery statuses. Achieved using Django's built-in authentication system with role conditions and dynamic template rendering.

Travel Agency Website – Developed a full-stack, responsive travel booking platform featuring user registration and authentication, package browsing with advanced filtering, secure payment integration via Stripe, and booking management. Implemented intuitive UI/UX design to enhance customer experience, ensuring seamless navigation and real-time booking updates.

EXTRA-CURRICULAR ACTIVITIES

- During the Web Development Bootcamp at Majlis Arts and Science College (Autonomous), organized in collaboration with Tegrand, served as an internal mentor guiding students through HTML, CSS, Tailwind CSS, and JavaScript.
